PETITION TO

Randwick City Council

The Petition of certain residents of the City of Randwick & other NSW residents brings to the attention of Randwick City Council our opposition to the proposed over-development of the "Randwick Education and Health Specialised Centre" bounded by Alison Rd, Anzac Pde, The Spot and Rainbow St. The zoning for the majority of the site is currently Residential 2A. Rezoning large areas to allow up to 8 storey tower blocks directly next to existing single dwellings is unacceptable and would have negative environmental impacts including the over shadowing of valued public spaces, schools, and private property. Massive traffic congestion arising from this over-development could potentially inhibit emergency services access to residents of this densely populated area as well as to the hospital and should not be permitted.

The undersigned petitioners request Randwick City Council to take note of this petition and reject the proposals outlined in the "Randwick Education and Health Specialised Centre" discussion paper.
